## 1911 Model American Alarm Clocks

The American Alarm Clock is twenty-five years young. When it first came out it was joyfully whispered it would never get old. And it never has—it is livelier today than it ever was. There must be a reason—perhaps its the good looks—perhaps its the good works—perhaps its the label, and perhaps its the price.

## IT IS SAID

That Doc. Glaisyer will organize the Lihue soccer team.

That the Makawelis will have to go some to defeat Doc's bunch.

That Koloa will put up a hard team to beat.

That the Lihue School will be one of the best on the island when the new building is completed.

That the Hanapepe School is where it has been for the last century.

That the "new" Hanapepe School is up—in the air.

That it will likely remain there until the citizens take the matter in their own hands.

That the sooner they do so, the better.

That the Hanalei baseball team was the only bunch of sports who came through with a picture for publication.

That they are true sports and will be heard from next season.

That love smooths many a ripple.

That a certain young man in Waimea can certify to the truth of this statement.

That he will play no more practical jokes.

That the young lady failed to see the joke.

That he explained but it didn't work.

That if a certain auto had the power of speech there might be a breach of promise.

That this year's sugar crop will be a record breaker.

That times are good owing to high price of sugar.

That extra dividends are becoming common.

That Makaweli was recently a setting for a rich practical joke.

That a clothes closet is rather small for sleeping quarters.

That under certain circumstances, however, it is possible to use it as such.

That a certain young business man failed to keep an engagement with a pretty school marm.

That his excuse wouldn't hold water.

That he is no longer of the chosen few.

That he would end all by jumping into the bay but he hasn't the nerve.

That the young lady denied herself the pleasure of joining an outing party to await his coming.

That she won't do it again, so there!

That it is alarming to listen to the America alarm clocks.

## THE SUNDAY GAME

One of the best aggregation of baseball players seen on the Lihue diamond for some time, were the Filipino boys from Kapapa who, by their excellent playing and knowledge of the game, certainly pumpled up a surprise for the fans.

The first game was between a Grove Farm team and the little brown men. The game was a hot one from the first and the ninth inning found them leg and leg. The tenth inning decided the game in favor of the Kapapa team with a score of 5 to 4.

The surprise of the day however, came when a second game was played between the victors of the first and a picked team which contained six members of the Lihue league team. Notwithstanding the fact that the Kapapa team had just completed a stiff game, they buckled to and brought the Lihue team to defeat with much less effort than was necessary in the first. The Filipinos played a heady game.

Score: Kapapa, 6; pick team, 5.

Mr. and Mrs. H. C. Brown, Waimea teachers, were in the County Seat Saturday, having come over to see friends off for Honolulu.

The finishing material for the new Lihue school arrived by the Hall and the work of adding the finishing touches is going ahead.
